KASTONE® EDGE

STONE VENEER COLLECTION

Kastone Edge is a unique and versatile addition to any home decor. These stones are carefully crafted into geometric shapes, and can be used in a variety of ways to add a touch of modern sophistication and elegance to any space, interior or exterior.

In addition to their aesthetic value, geometric stones are also highly durable and low-maintenance. Made from high-quality materials, these stones are resistant to wear and tear.

EG-403

1 Wall Surface Preparation

Hack uniformly across the wall (using a small axe, drill, or hammer) to create a rough and pitted texture on the surface. Clean the surface to ensure it is free from dirt and dust.

2 Mortar Application

Apply a generous layer of mortar across the wall using the notched edge of a trowel, creating a "combed" surface pattern.

4 Cleaning Up

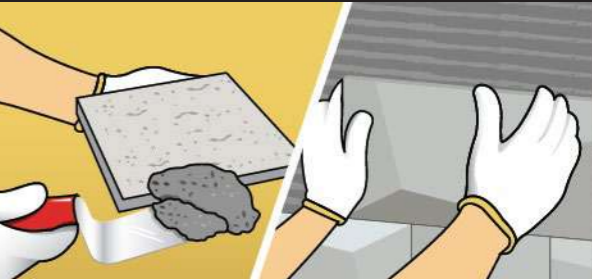

Once the stones are firmly affixed, clean the surface with a dry brush to clear the stones of any dust

INSTALLATION TECHNIQUE

Tools: Axe/Drill, Trowel, Brush, Leveler, Sponge.

3 Stone Application

• Complete this step starting from the bottom of the wall & moving upwards: Apply a thick layer of mortar onto the back side of stone. Press and hold the stone firmly onto the mortared wall surface for a few seconds. Repeat this until the section is completed with stones. Use spacers and leveler if necessary to ensure a level arrangement.

5 Topcoat Application (Optional)

It is recommended to apply a topcoat layer of either SUZUKA® High Gloss or SUZUKA® Natural Stone Care. This helps enhance the protection of SUZUKA® Stone Veneer against dirt, oil, grease, water stains, fungus, mold and weather conditions.
